### Model Description

The Ferrari 488 Spider presents a sought-after open-top driving experience, blending everyday usability with exclusive design and technology. With a mileage of just 15,449 miles, it has been driven with care, offering an engaging drive for those who appreciate both refinement and dynamism. Notable highlights include the front suspension lift, which aids comfort and practicality over varied road surfaces, and Apple CarPlay, providing seamless smartphone integration for music, navigation, and calls....
