### Model Description

The Ferrari Portofino offers an engaging driving experience well-suited to a wide range of enthusiasts, with just 15,951 miles covered. Its F1 DCT transmission ensures seamless gear changes, while highlights such as the passenger display, Apple CarPlay, and carbon fibre trim driver zone with LED shift indicators on the steering wheel further enhance the journey. Full-electric seats with memory function and special stitching in rosso offer an added level of comfort and individuality....
